

You are invited to the 20th AGM and Land Use Workshop

The Grassroots...Your Voice

Keynote Speaker – ***Preston Manning***

Mr. Manning is a strong advocate of harnessing market mechanisms to the task of conserving our environment. He argues that “conservation” and “conservatism” are compatible and that people who believe we should “live within our means” fiscally should apply that principle to balancing the ecological budget as well.

Mr. Manning will provide a “big picture” look at conservation and in particular conservation of agricultural lands. He will be followed by a panel that will speak to the Alberta Land Stewardship Act which is designed to help consider land use planning efforts in the context of watersheds and will provide new market-like conservation tools to landowners.

Discussion Panel

Morris Seiferling – Commissionaire, Land Use Secretariat

Leah Lawrence – Regional Advisory Committee member

John Cross – Rancher
